7. Team Builder

IMPORTANT: PLEASE READ

New for this year we have created a [team builder online form](#). If all goes well this should make our lives much easier as it will remove all manual data entry from our side which can take hours.

You will find instructions on the page which should guide you through what is needed but it's very much the same as the spreadsheet form. Team details & then pick a team.

This should stop any issues like incorrect ids, players in incorrect positions & overspending.

If you do have any issues then please just [email us](#).

8. Final Notes

E-mails will be sent out after the weekly games are complete, giving a few days to sort it out.

Any questions or queries, please E-mail, leagueofourown.fpl@gmail.com with **Footy** in the subject line
